CRAFTING IDEA

Gym bag with apple-print

Used items:

38 693 102	Drawstring gym bag	1 piece
38 524 570	Textile dye, dark gray	1/20 bottle
38 524 282	Textile dye, crimson red	1/50 bottle
38 524 284	Textile dye, vivid red	1/70 bottle
38 465 576	Textile dye Extreme Glitter, black	1/20 bottle
45 131 000	Paper template Fruits/Diamond	1 piece

Additionally you need:
37 057 000 Paintbrush set for fabric painting, FSC 100%
37 304 00 Stenciling paintbrush, round
34 014 00 Adhesive spray, non-permanent
Cardboard, black marker

Instructions:

1 In order to distribute the apples evenly, use a cardboard (in the size of the bag) on which you mark the apples with a black marker using the paper template. Mark the position of the red apple apart.

2 Cut out the apple from the template and spray it on its rear side with the non-permanent adhesive spray. Always dry the paintbrush well out between a colour change.

3 Now stencil the apples one after the other using the translucent outline (black line). Use a little dark gray paint and apply it only as a contour from the outer edge of the apple. Always spread the paint from the outside to the inside over the template's cutout by making even and smooth movements. Stencil the entire surface of the sheet in dark gray colour as well.

4 Stencil then the red apple over the entire surface with the crimson red textile dye. To make the apple a little more vivid, use a little vivid red textile dye in the outer area. Then add an additional contrast to the contour of the red apple with very little dark gray colour.

TIP: Clean the paper template between stenciling with a dry cloth if necessary and apply the adhesive spray over and over again.

5 Finally, apply the black textile dye Extreme Glitter over the entire surface of all sheets by means of the paintbrush. Allow the paint to dry well out.
