22 969 616	Metal bead spacer, ø 5 mm, gold	2 pieces
89 085 37	Magic-Stretch, ø 0.5 mm, crystal	approx. 30 cm

Additionally you need:

21 158 00 Special needle to thread beads, 11.4 cm

33 397 00 Glue for jewellery

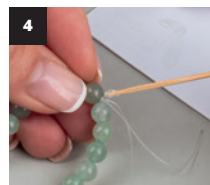

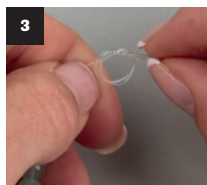

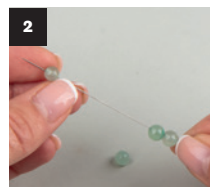

Scissors, toothpick

Instructions:

- 1** Cut about 30 cm of Magic Stretch yarn for each bracelet, then pull the cut yarn through the needle for stringing beads.
- 2** String the beads as shown or as you see fit. However, make sure that the number of beads corresponds to the size of your wrist, then adjust the length accordingly.
- 3** To tie a knot, bring the two ends of the Magic-Stretch yarn together by juxtaposing them and make a double knot just at the end of the beads by pulling the ends of the yarn twice through the loop.
- 4** To secure the knot in place, take a toothpick coated in glue for jewellery and spread the glue over the knot.

TIP Allow the bracelets to dry for about one more day, so that the glue for jewellery hardens completely. Cut the ends of the yarn flush with the knot.
