79 294 426	Linen structure paper SCRAP & SAND
33 086 00	Glue stick quickie glue
39 420 610	Glitter – extra fine

Anleitung:

- 1 Cut out the pattern and place it on the desired drawing paper. Trace the pattern and cut it out afterwards.
- 2 For Santa and Snowman, glue the single parts (e.g. hat, cap or broom) on the basic body. Paint the eyes and the nose with a crayon.
- 3 Malen Sie mit einem Holzmalstift die Augen und Nase auf.
- 4 Decorate the external edges as you like with the glue stick quickie glue and glitter.
- 5 To fill the plastic ball you can use decorative snow flakes, glitter, pompons, figures, gifts, etc. At first fill one half of the plastic ball as desired. Now insert the pre-cut drawing paper motive and close the plastic ball.
- 6 Decorate the drawing paper motive with loop, bells, brads, etc. Speckle on the snow flakes with DecoArt Snow Pen and let the whole dry.
- 7 Punch a whole with a ticket-punch and hang the finished ball up with a ribbon.
