89 378 00	Craft scissors	1 piece

Instructions:

1 With the Clear Stamps Advent Calendar and the black & white stamp pad, stamp two of your paper bags. Then paint all four paper block bottom bags using the white acrylic marker.

2 Punch all four paper bags in the middle and at about 5.5 cm from the lower edge by means of the Anywhere punch.

3 Cut out four squares (7 × 7 cm) from the letterhead parchment and stamp the numbers 1, 2, 3 and 4 with the stamp. Allow to dry well out.

4 Make the following cuttings using the paper cutting and folding device:

- 3 cuttings, each from the black photo cardboard: 17 × 11.5 cm and 4.5 × 2 cm
- 1 each cutting from the A4 card, burgundy: 17 × 11.5 cm and 4.5 × 2 cm

Stamp and paint them according to the picture. Let them dry well out.

5 Fold all four large rectangles in the middle and affix the mini pompom trim (11.5 cm) at the shorter edge by means of the double-sided adhesive tape.

6 Attach all four small rectangles to the black clothes pegs by means of the double-sided adhesive tape.

7 Stick the four squares (1, 2, 3, 4) behind the punched out circles by means of the double-sided adhesive tape.

8 Put the LED pillar candles in the paper bag and close the bag through the roof.
