Instruction:

- 1 To make envelope, cut a tag to the size of 5.7 x 3cm out of the craft-coloured card.
- 2 Stamp it with the statement-stamp „Zauberhafte Weihnachten“ and by means of the red ink-pad.
- 3 Make a hole at the narrow left side of the tag by using the hole punch.
- 4 Stick the Glitter Tape onto the envelope at a distance of about 2cm to the left edge.
- 5 Wrap the glitter ribbon twice around the envelope and hang the stamped tag onto it.

Instruction:

- 1 Punch a border (5 pieces) at the lower part of the card by using the motif puncher „Angel“. Start at the middle of the card.
- 2 Cut a strip (16.8 x 3cm) out of the craft-coloured card. Stamp this one with the statement-stamp "Weihnachtspost" and by the means of the red ink-pad.
- 3 Stick the Glitter Tape onto the card at a distance of about 3cm from the card's edge break. Stick the stamped strip across the Glitter Tape, so that the Glitter Tape pokes about 8mm out.
- 4 Punch out of the craft-coloured card 3 angels out whose wings, hands and feet have to be decorated with glitter-glu. Let them dry well.
- 5 At the end, glue the angel by means of 3D-adhesive slats and decorate the card with golden adhesive star-shaped motifs.
